Ciaran is the best supervisor I met in Part III.

Examples classes were truly excellent. Ciaran Hughes is exemplary, his dedication and ability to identify and explain the most difficult concepts make him the most valuable resource for helping with this course.

Great course, well presented, topics are interesting and most things are well motivated. Example classes with Ciaran (apologies for spelling) are incredible, he spends a lot of effort for us to understand things, his solutions are of great detail which is helpful! Certainly best guy out there, I'd wish more supervisors be like that.
